

Educational Exhibits at the 2025 Convention

Every year the CCA's annual show includes a competitively judged selection of fascinating member-created educational exhibits. Any member can display an educational collection. For example, last year these included collections of fake tips, bicentennial chips, illegal Texas gaming chips and \$2.50 chips.

Are you interested in offering an Educational Exhibit? If so, there is still time! Contact Jim Follis at Exhibits@ccgtcc.com, or phone/text at: 520.971.7909 to reserve your spot by Wednesday, June 11, 2025.

We already have secured a solid selection of Exhibits and Exhibitors, including offerings from Dee Sokolosky, James Hogg, Connie Feiler, Carl Osbourne, Torrey Morand, and Jerry Birl.

The competitive educational exhibit contest will be held in two categories. The first is a judged event, with awards presented to at least two places (three places if more exhibits are added). The second category is the People's Choice Award which is voted upon by attendees at the three-day show. Voting is limited to one vote per person.

All awards are presented and announced on Saturday, 14 June, at 2:00 pm from the Educational Exhibits area.

As we have done in past years, there will also be several Non-Competitive Exhibits, including:

- The CCA's Permanent Collection of All Past OTY Award Winners
- The CCA's Standards and Archives Committee's display of physical examples of Conditions and Grading Standards
- Nominees and Winners of the 2024 OTY Awards
- Treasures from the MoGH's Vault

There is still room for more Educational Exhibits! For more information, contact Jim Follis at Exhibits@ccgtcc.com, or phone/text at: 520.971.7909.
